EXPERIENCE

Triply, Africa | UI/UX Designer

July 2024 to Feb 2026 • 1 yr 8 mos • Part Time, Remote

- Redesigned and improved key user flows across a B2C product and a B2B SaaS platform, improving clarity and usability
- Designed new product features from early concepts to high quality prototypes, working closely with product and engineering teams
- Improved usability of core screens based on user feedback and iterative design reviews, reducing friction in key user journeys

Engenesis, Australia | UI/UX Designer

May 2022 to Mar 2024 • 1 yr 11 mos • Full Time, Remote

- Designed complete UX/UI flows for multiple product features, from discovery through to final UI
- Built reusable UI components and interactive prototypes to support faster development and design consistency
- Collaborated with developers during QA to ensure accurate UI implementation and reduce gaps between design and development

Apsaaz, Iran | UX Designer

Sep 2020 to Feb 2022 • 1 yr 6 mos • Full Time, Remote

- Led a team of 6 UX designers, ensuring design consistency and usability across multiple B2B and B2C products
- Mentored and reviewed the work of junior designers, improving process quality and reducing revision cycles
- Streamlined design documentation and handover workflows, improving overall team efficiency

9 am Studio, Iran | UX Designer (Mar 2020 to Aug 2020)

Conducted UX research and improved B2C user flows to support clearer, more effective user experiences.
